

125572-95-4, (1,2-Cyclohexylenedinitrilo)tetraacetic Acid

This aminopolycarboxylic acid, also known as rel-N,N'-(1R,2R)-1,2-Cyclohexanediylbis[N-(carboxymethyl)glycine Hydrate, presents as a white to off-white solid. It is slightly soluble in Aqueous Base. This substance is stable under recommended storage conditions. (1,2-Cyclohexylenedinitrilo)tetraacetic Acid is incompatible with strong oxidizing agents and causes skin irritation and serious eye irritation.

Molecular Formula	Molecular Weight	CAS Number
$C_{14}H_{22}N_2O_8 \cdot H_2O$	346.34	125572-95-4
