

57-13-6, EMPROVE Urea Beads, USP

Also known as carbamide, urea is an organic compound and a colorless, odorless solid. It has common applications in the chemical industry as a significant raw material. Urea comes in various grades, forms and quantities, like most of the chemicals provided by Spectrum. We are also committed to the highest standards of quality when it comes to customer service, fast shipping, and meeting our customers' needs.
