Fentanyl Resistant
Black Nitrile Exam Glove

BUY NOW >

ALL-NEW MIDKNIGHT™ XTRA

Proven to resist both fentanyl and gastric acid, Microflex MidKnight XTRA gloves are designed to offer real world protection to those on the front lines of the opioid epidemic. These comfortable gloves are fully textured with an extended cuff for durable, expanded protection. And their unique, black color makes it easier than ever to detect potentially hazardous residue.

**Microflex MidKnight XTRA:
Beyond Protection.**
