

KIMTECH A5 Sterile Cleanroom Coveralls

Description • Sterile cleanroom coveralls with Clean-Don technology that facilitates sterile gowning

- SMS (Spunbond Meltblown Spunbond) material delivers cloth-like comfort
- Built-in thumb loops keep garment sleeves from rolling back and exposing arms or wrists
- Highly visible blue line along the inside of the garment signals the proper place to grasp while gowning, which helps the wearer avoid touching the outside of the garment
- Built-in snaps gather up legs and arms to lower the risk of touching the floor, then automatically release as garment is put on
- Inside-out fold pattern presents the inside of the garment as the package is opened, reducing the risk of touching and contaminating the outside of the apparel
- For use in ISO 5-8 cleanroom environments
