

Advantech Manufacturing 8 in. Brass Frame Sieves

Description • Comes with a CERTIFICATE OF COMPLIANCE applicable to ASTM E11 specifications

- Wire cloth is traceable to NIST standards
- Each sieve is labeled for traceability
- Die-formed frames assure a proper fit, superior quality, and performance
- Serial number is etched on each sieve and contained in a bar-coded label, tracing vital information such as; manufacture date, wire cloth lot and date order was shipped, including all pertinent information from the purchase order
- **Sieves, Pans, and Covers are sold separately†**

†Pans and Covers are required accessories, please see "Advantech Manufacturing 8 in. Brass Sieve Pans and Covers"

Image(s) are representative of the product group and not necessarily the individual product.
