

Celltreat Empty Pipette Tip Racks-Non-sterile

Description • Lightweight design prevents tipping when open

- Hinged lids are designed for one-handed opening
- Lids have a stacking feature for added stability and a secure locking tab
- Interior support ribs prevent racks from warping
- Pipette Tip support wafers are color-coded for pipette tip size identification and have large tabs for easy removal from rack
- Reduce plastic waste by refilling empty racks
- Autoclavable (121°C for 20 minutes)
- Rack and wafer Material: USP class VI virgin polypropylene (PP)
- Rack Color: Green bottom; Clear top
- Available with or without wafer
- Pipette Tip Support Wafer comes in three colors:
 - Red: 10µL/10µL Extended
 - Yellow: 200µL/300µL
 - Blue: 1000µL/1000µL Extended
- Hinged rack
- Locking tab
- Stackable racks
- Non-sterile

Quality Certification:

- RNase/DNase free
- Free of Nucleic Acids, Pyrogens/Endotoxins, PCR Inhibitors and Trace Metals
- Non-pyrogenic: Validated to have less than 0.5 EU/mL
- Every case is printed with the lot number for quality traceability
