

## Topi-CLICK Filling Station

**Description** • Topi-CLICK Filling Station uses tuned leverage to help push any size EMP jar plungers

• The simple operation provides efficient use of existing pharmacy materials to keep costs of system and materials lower

**Features:**

- Most EMP jar sizes can be quickly interchanged
- Optimizes a closed EMP system; less batch transfers and minimal storage costs
- Works with right or left handed operators via switchable operating lever
- Balanced actuation arm for easy operation
- Made of durable stainless and powder coated steel for years of operation
- Easy to clean and wipe down
- Contrast background to help assure quality filling in see-through containers
- Stabilizer plate for use when filling adapter type dispensers with EMP jars
- Includes new nozzle specific for filling Topi-CLICK applicators
