

## Control Company Traceable QC Timer

**Description** • Ideal QC (quality control) countdown and alarm timer combines easy, 3-key operation with giant-size digits

- Learn its operation in less than 10 seconds without ever reading the instructions
- Quartz-crystal timing accuracy is 0.01%
- Times may be set up to 20 hours in any one-minute increment
- At zero, a 1-minute alarm sounds
- Three-quarter-inch-high digits are readable from 20 feet
- Supplied with Traceable Certificate, flip-open stand, clip, magnet, and battery

- An individually-numbered Traceable Certificate provided with each unit, assures accuracy from an ISO/IEC 17025:2005 (1750.01) calibration laboratory accredited by A2LA
- It indicates traceability of measurements to the SI units through NIST or other recognized national measurement institutes (NMI) that are signatories to the CIPM Mutual Recognition Agreement
- Documentation provides the accurate timing assurance demanded by government regulations, ISO 9000 requirements, and QC needs

### Specifications:

- No. of channels/zones: 1
- Timing capacity: 20 hours to 1 minute
- Timing accuracy: 0.01%
- Timing resolution: 1 minute
- Dimensions: 3 1/2 x 2 x 1/2 in.
- Weight: 2 oz
