

## Ohaus Adventurer Analytical Balances

**Description** • Fast stabilization and reliable operation are enhanced by the AutoCal option to ensure solid weighing performance and accurate, repeatable results for standard laboratory applications.

- The wide viewing angle color touchscreen provides access to all of Adventurer's applications, while dual USB ports with GLP/GMP tracking capabilities assist in the monitoring and reporting of data.
- The two piece, top-mounted draftshield doors reduce the footprint of the doors in the rear of the balance when open, and open wide on both sides in order to provide ample room to place samples.

### Display:

- 4.3 in. (109 mm) Full-color VGA graphic touchscreen with user-controlled brightness

### Operation:

- AC Adapter (included)

### Communication:

- RS232, USB Host, USB Device (included)
- GLP/GMP data output with real-time clock

### Construction:

- Metal base, ABS top housing, stainless steel pan, glass draftshield with two piece top mounted side doors and sliding top door, illuminated up-front level indicator, integral weigh below hook, security bracket, calibration lock, full housing in-use cover

### Design Features:

- Selectable environmental filters, auto tare, user selectable span calibration points, software lockout and reset menu, user selectable communication settings and data print options, user definable project and user IDs, up to 9 operating languages
