

3M* Organic Vapor Cartridge

Description • NIOSH approved for protection against certain organic vapors

- Swept-back design allows an enhanced field of view and comfort
- Bayonet compatibility allows use with many 3M half and full facepiece designs
- Wide range of applications reduces inventory needs
- Simple installation and usage requirements reduces training requirements
- Use with 3M* Half and Full Facepieces 6000, 7000 and FF-400 Series with bayonet filter holders
- The cartridge has been assigned the color code "black" in the NIOSH system
- The cartridge may be used for vapor concentrations up to 10 times the Permissible Exposure Limit (PEL) with half facepieces or 50 times PEL with quantitatively fit tested full facepieces
- Recommended applications for the cartridge include batch-charging, change-overs, chemical dispensing, clean-up, and cleaning
