

3M* Organic Vapor Cartridge/Filter

Description • NIOSH approved for protection against certain organic vapors and particulates

- Swept-back design allows an enhanced field of view and comfort
- Bayonet compatibility allows use with many 3M half and full facepiece designs
- Wide range of applications reduces inventory needs
- Simple installation and usage requirements reduce training needs
- Use with 3M* Half and Full Facepieces 6000, 7000 and FF-400 Series with bayonet filter holders
- The cartridge/filter has been assigned the color code "Magenta/Black" in the NIOSH system
- The cartridge/filter combination may be used for respiratory protection from certain organic vapors and non-oil and oil particulate concentrations up to 10 times the Permissible Exposure Limit (PEL) with half facepieces or 50 times PEL with quantitatively fit tested full facepieces
- This cartridge/filter is not for use in environments that are immediately dangerous to life or health (IDLH)
- Recommended applications for the cartridge/filter include chemical clean-up, chemical compounding, and chemical transfer
