

Ansell Sol-Vex 13 in. Flock Lined Nitrile Gloves, 15 mil.

Description • Provides protection from exposure to liquid and hazardous materials

- Superior choice over rubber or neoprene
- Made of a high-performance nitrile compound that provides an outstanding combination of strength and chemical resistance
- Gloves won't swell, weaken, or degrade
- Offer protection against snags, punctures and abrasions
- The gloves' soft cotton flock lining absorbs perspiration and feels comfortable on the hand

Specifications:
