

Benchmark Scientific Mortexer* Vortex Mixer

Description • The included Multi-Head* (Patented Pending) features a traditional cup head for general purpose mixing, plus holds up to eight microcentrifuge tubes

- The drive system is balanced with Q-Drive* technology, providing a smooth vortexing action, while minimizing noise and excessive vibration
- Quieter, more efficient and longer lasting operation
- Increased speed, up to 3400 rpm produces an instant vortex of even the largest sample sizes, including full 50 mL tubes
- "No-walk" suction feet
- Cold room/incubator compatibility
- Spill-proof electronic controls
- Powerful motor for INSTANT vortexing
- Continuous or "touch" operation
- Q-Drive* dynamic balancing system
- Wide variety of accessories (available separately)

Specifications:

- Speed: 200 to 3400 rpm
- Operating modes: Touch or continuous
- Orbit: 3 mm
- Operating temp. range: 4 to 65°C
