

Kimberly-Clark Lavender Powder-Free Nitrile Exam Gloves

Description • Reliable, easy-to-wear gloves that are more economical than standard nitrile gloves and are suited for a wide variety of tasks

- The lavender nitrile gloves deliver enhanced dexterity, thanks to textured fingertips, and are not made with natural rubber latex
- The gloves are static dissipative in use
- They come in an innovative dispenser box, which incorporates two separate openings
- The first, smaller opening is used when the box is full and helps control dispensing to lessen waste from dropped gloves or multiple dispensing
- When the box is half empty, the second, larger opening allows easier access to the gloves
- They have an AQL of 1.5 for pinholes
- Latex-free
- Powder-free
- Beaded cuff
- Ambidextrous
- Textured fingertips
- Exceeds current ASTM Standards for critical defects, tensile strength and puncture resistance
- Manufactured in accordance with Quality System ISO 9001

Specifications:
