

Benchmark Rotating Mixer with Rotisseries

Description • Provides gentle to vigorous mixing of samples up to 50 mL

- Adjustable speed control and tilt angle
- Ideal for a variety of applications
- Includes three rotisseries for all common tube sizes
- Each individual tube holder is rubber coated to provide a secure grip, preventing any "wobble" or loosening during mixing at high speeds
- For more intense mixing, a unique reversing mode is available
- In reversing mode, the mixer rotates for up to 360° then stops and rotates in the reverse direction
- This back and forth motion occurs repeatedly until the set time has expired
- Cold room and incubator safe
