

## Foxx Life Sciences EZwaste Heavy Duty Solvent Waste Systems, 20L

**Description** • Foxx Life Sciences' Heavy Duty (HD) Solvent Waste System is designed to be an affordable solution for liquid waste disposal

- Each system is manufactured to safely collect waste from one or more HPLC systems while the carbon exhaust filter improves air quality by capturing potentially harmful vapors emitted from solvents

- Each system includes a 20L HDPE container, two 83B VersaCap (one open top for waste collection and one closed for safe transport), various ports for waste tubing, 1 port for a carbon exhaust filter, 1 carbon exhaust filter, and plugs for unused ports

- The HD Solvent Waste System manifold attaches to the EZgrip Carboy allowing for safe waste collection

- Carbon exhaust filter traps solvent vapors
- Tube fittings secure waste tubes to carboy providing a closed system that prevents vapors from escaping
- 90° adapter included for maximum storage flexibility
- VersaCap technology eliminates the need to remove tubing from open cap to install closed cap
- Plugs included for unused ports
- Replacement sulfur-cured EPDM gasket for high chemical compatibility against aggressive organic solvents
- Closed 83B VersaCap included for safe transport
- High Density Polyethylene EZGrip carboy features advanced ergonomic design and superior chemical compatibility
