

DWK Life Sciences (Duran) Connection System GL 45 Screw Caps

Description • Flexible modular system

- Four different hose diameters (1.6 mm; 3.0 mm; 3.2 mm and 6.0 mm) can be connected
- Sterile pressure equalization is possible through use of membrane filter
- Unused ports can be provided with a blind cap
- Typical applications: safe transfer of liquid media within a closed and sterile system (evaporation is reduced)
