

I-CHEM Clear Boston Round Glass Bottles

- Description** • Type III glass bottles. Caps for 125 and 250 mL sizes are ultrasonically bonded with a 0.125 in. PTFE-lined silicone liner
- On 500 and 1000 mL sizes, the liner can be easily replaced if necessary
 - Polypropylene closures
 - Excellent for water sampling
 - Series 200 and 300 bottles are guaranteed to meet the EPA's Performance Based Specifications for Metals (Group 1) analysis
 - The 125 mL size is also certified for Semi-Volatiles/Pesticides/PCB's (Group 2) analysis
 - Series 200 bottles do not come with a certificate of analysis or barcodes
