

I-Chem HDPE Cylinder Round Bottles

Description • Certified Thermo Scientific HDPE Cylinder Round Bottles meet or exceed EPA performance-based standards for metals, cyanide and fluoride.

HDPE cylinder rounds with a narrow mouth for easy handling and precision pouring

- Recommended for collecting water samples and other low viscosity liquids to be analyzed for inorganic trace analytes
- The original EPA specified bottle for liquid sampling
- Available bulk packed for added economy
- Certified to meet or exceed EPA performance-based standards for metals, cyanide and fluoride

Features:

- HDPE container with white LDPE-lined Polypropylene Cap
- Narrow cylinder round style bottle is easy to grip and handle
- Caps assembled onto containers
- Narrow mouth for precision pouring
- Recommended for collecting water samples and other low viscous liquids
- Available bulk packed for added economy

Certified containers come with the following features:

- Certified to meet or exceed EPA performance-based standards for metals, cyanide and fluoride
- Certificate of Analysis (CofA) included in the case and barcoded with lot number for traceability
- Each container individually barcoded with lot number and unique container number
- Analysis labels included unattached for optional use
- Carton sealed with security tape providing tamper evidence

Compliance: Certified containers meet or exceed EPA performance-based standards for metals, cyanide and fluoride; manufactured under an ISO certified quality management system.
