

Celltreat Low Retention Racked Pipette Tips

Description Pipette Tips

- Superior low retention option has smooth, hydrophobic surfaces to ensure accurate pipetting
- Extended length tips (10L and 1000L) allow better access to the bottom of test tubes, reagent bottles, flasks and other vessels
- Pipette Tips are universal fit and compatible with major pipettes

Pipette Tip Racks:

- Hinged lids are designed for easy one-handed opening
- Lids have a stacking feature for added stability and a secure locking tab
- Lightweight design prevents tipping when open
- Interior support ribs prevent racks from warping
- Pipette Tip support wafers are color-coded for pipette tip size identification, and have large tabs for easy removal from rack
- Reduce plastic waste by refilling empty racks with Reload System
