

## Corning Plain Microscope Slides

- Description** • Microscope slides are precleaned so tedious washing and drying is not required, saving time and money
- They can be used right from the box for non-sterile cytology and pathology applications
  - 1/2 gross (approx. 72 slides each)
  - 10 gross = 20 boxes (1440 slides total)
  - 0.90 - 1.10 mm thick

Image(s) are representative of the product group and not necessarily the individual product.
